

Pupil Questionnaire Feedback

Summer 2025

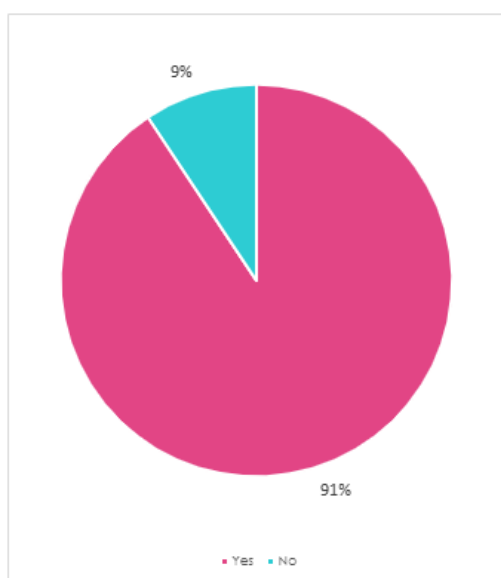

Jacobstow Community Academy

We received a total of 75 responses from pupils across our School, which gives an 95% response rate. We are proud of our pupils and all that they are and achieve. The positive responses received from our pupil survey reflect the work that has gone into ensuring that Jacobstow is a safe place where children are not only happy but where they 'grow, flourish and achieve the extraordinary.'

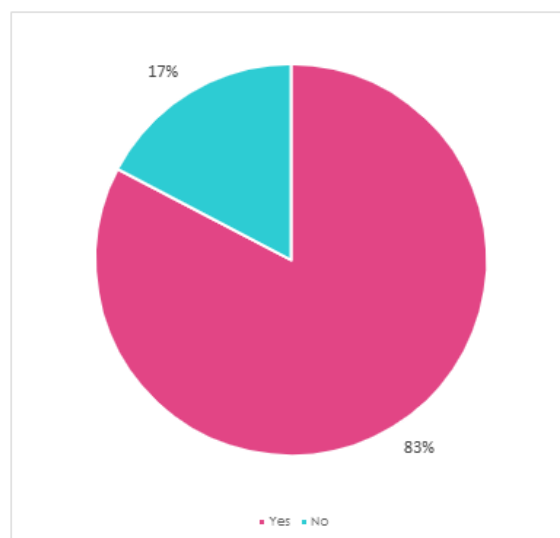

"Jacobstow is a great school – we are like one big, happy family."

I am proud to attend my school

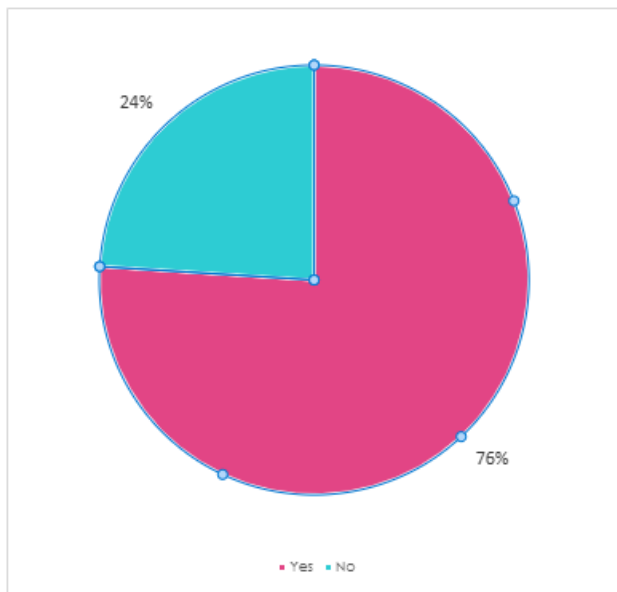

"Jacobstow is a great school – we are like one big, happy family."

I feel listened to and have a voice in my class and my school community?

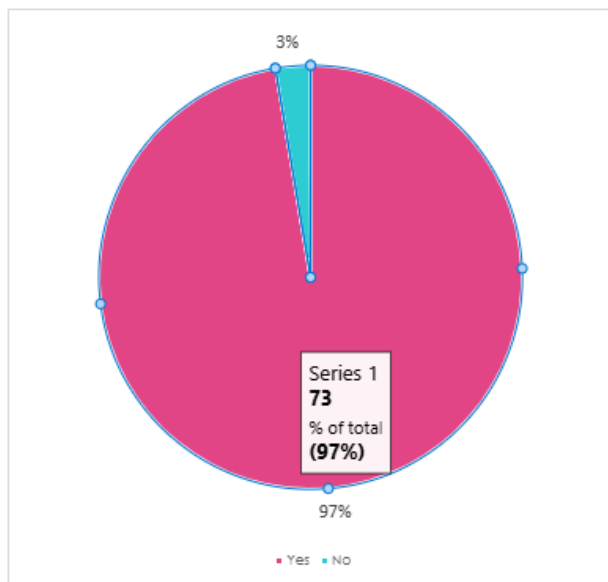

Do the school values help you to understand how to live together as a school

“Our school values help us understand how to respect other people and help me learn how to love my classmates”

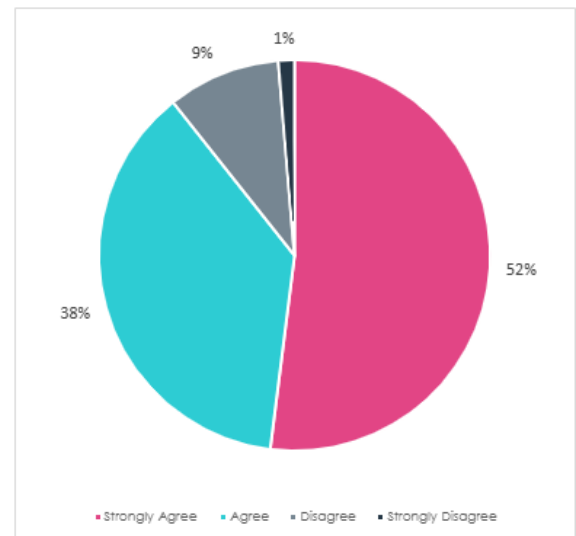

Does your teacher help you when you find things hard?

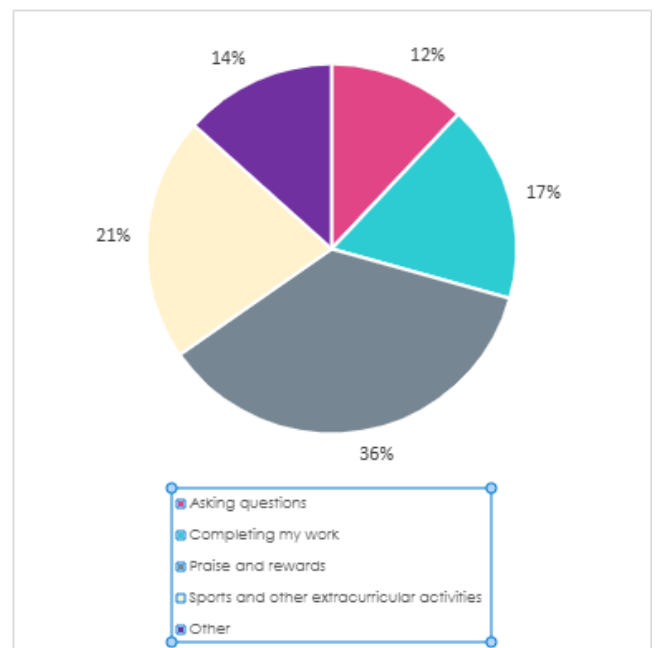

“My teacher talks me through the steps that I am stuck on.”

Children spoke positively about the support they receive from their teachers, which is reflected in the percentage responding positively.

My teacher(s) knows me and understands how I learn

What motivates you to learn more?

Children spoke of the motivation they get when teachers recognise their work and praise them for it. Children also spoke about overcoming challenges and how motivating it is when you find something difficult but you persevere and get it right.

“I am motivated when I am really proud of my work and then it gets celebrated.”

[illegible]

A pie chart illustrating the distribution of responses for the question 'Do you think you will be able to find a job in your field?'. The chart is divided into four segments: 'Strongly Agree' (44%, pink), 'Agree' (43%, teal), 'Disagree' (13%, grey), and 'Strongly Disagree' (0%, white). A legend at the bottom identifies the colors for each response category.

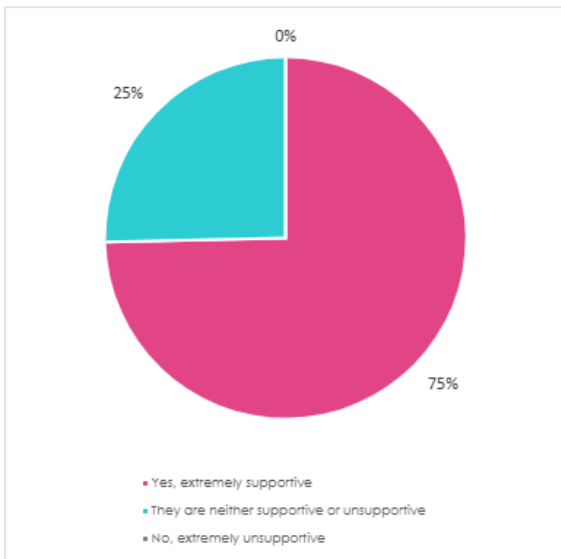

Response	Percentage
Strongly Agree	44%
Agree	43%
Disagree	13%
Strongly Disagree	0%

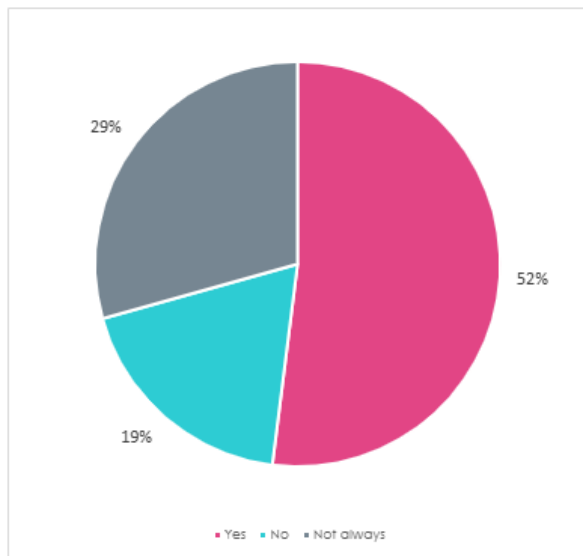

Children spoke about wanting things to improve the environment and new playground equipment. The responses were varied and very much in line with children's personal likes/dislikes. More time for P.E and sport, more art and time to study things they are interested in were all mentioned.

Do you have supportive classmates?

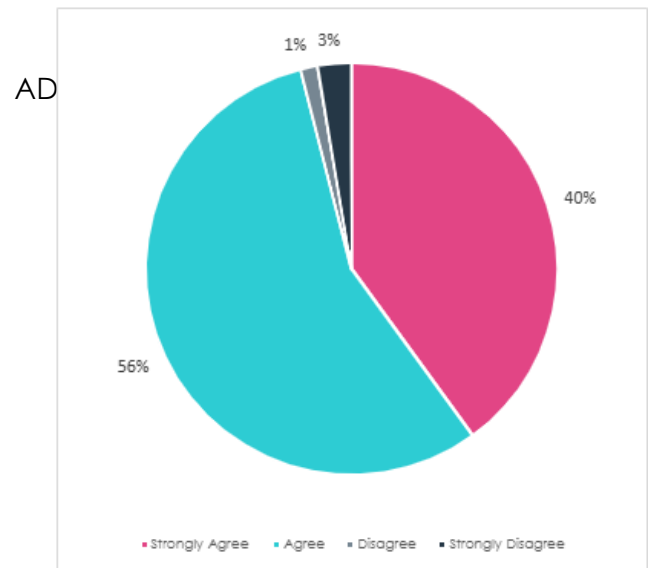

Do you think that the school provides you with enough sports / musical opportunities?

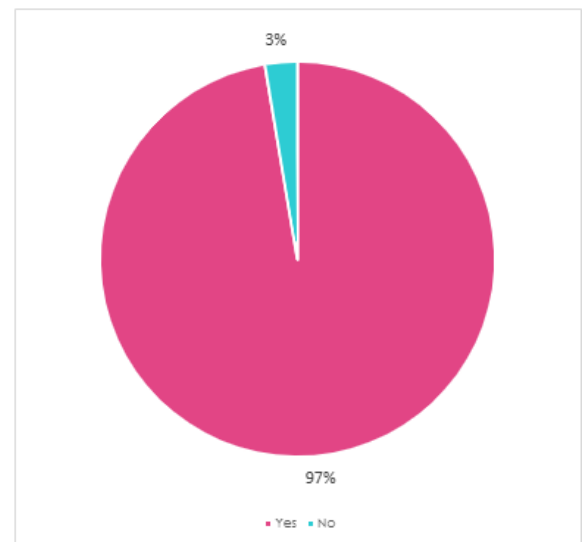

“Our learning behaviours help us to know what the teacher expects.”

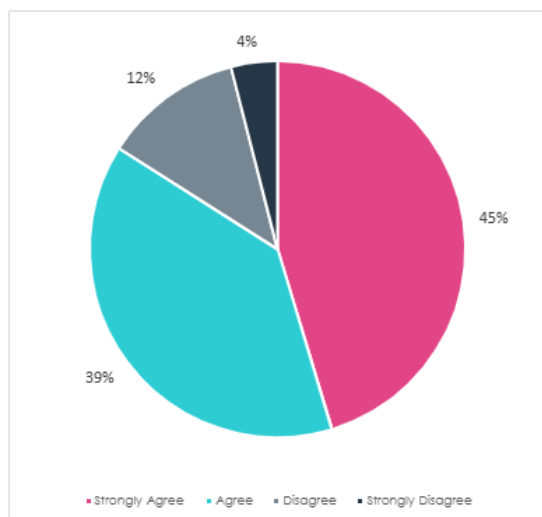

In my class there are clear expectations for behaviour and it's fair

I know how to keep myself safe online

If I told someone at school I was worried about something they would help me

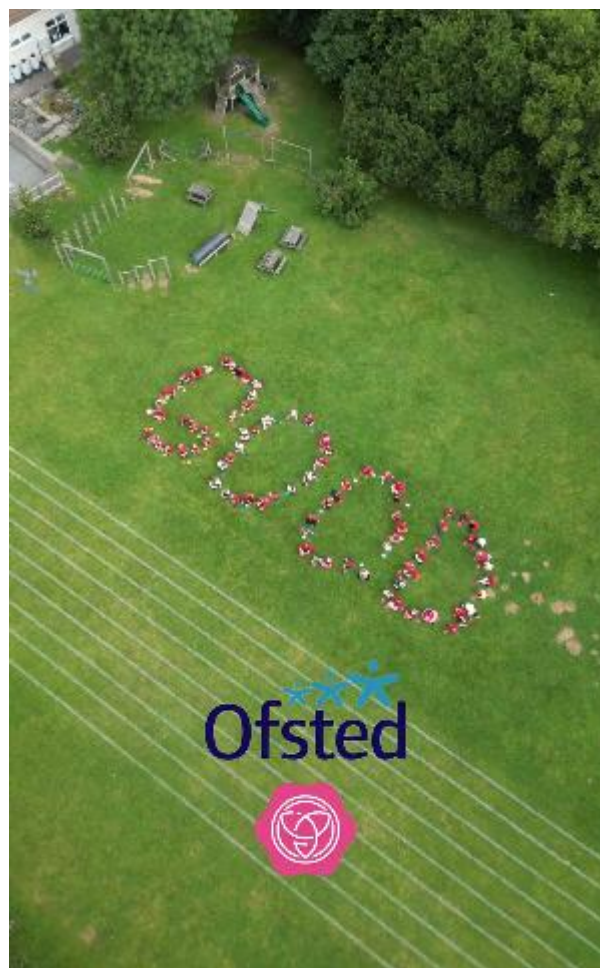

“If I was worried, I would speak to my friends but the teachers are always there for me too.”

Your school is part of a family of schools. What sort of things would you like to be able to do with other schools in our Trust?

Children spoke fondly about their friends in other trust schools:

They said they would like to have more hub days and opportunities to play sport against each other. They spoke fondly about the day Ellacombe visited and said they would like to visit a school in Devon too.

Children also spoke about doing day trips together.

Once again, we have some really clear, invaluable feedback from our pupils and actions to take moving forwards.

Our pupils want to be part of a bigger family and value the work that has been done so far to achieve this.

It's great to hear that they like it, and they want even more!
